

Gift Exchange & Pin Trading

The following is a few possible gift ideas; items representing the team's home state, team pin, magnets, key chains, beads/jewelry, disposable cameras, autograph/photo albums, lip balm, headbands, etc.

What is a Gift Exchange and Pin Trading?

In the spirit of good sportsmanship, teams exchange gifts with each team member of the opposing team, prior to the start of their first pool play game. These gifts should be inexpensive, but thoughtful. They should be based on the kind of gifts that the girls, themselves, would like to receive.

Trading pins are wildly popular and teams will want to come prepared. In addition to being a fun and memorable experience, it's a great way to open up friendly conversations with other players and make new friendships. Normally, teams bring pins that represent their team, league, or home state for trading with other teams throughout the tournament.
